Metal			Entries: 13															
1	C1	Jump	Bob Holtsman	0	0	0	0	0	0	0	0	0	0	0	0	0.0		Disqualified - Theme Mismatch. Although the picture makes reference to the theme through a Metal Band, the competition guidelines clearly refer to items made of metal.
2	C1	Relic Of My Childhood	Dave Gudjonson	5	5	5	15	5	5	5	15	6	6	6	18	16.0		Nice use of shadow and texture. But perhaps there is toomuch brown here. Maybe if this was shot during the Summer,
3	C1	Reserved Seating	Mary Lou Fletcher	5	5	5	15	5	5	5	15	6	6	6	18	16.0		If the chair had been. Pulled forward so the back is notobscured by the grass, this might be more attractive. Thegreen grass seems to improve the color contrast.
4	C1	Unoccupied Wear And Tear	Grant Willey	5	5	5	15	6	6	6	18	6	6	6	18	17.0		Nice contrast of green bench against white snow. Thebackground is busy, due to too sharply defined DOF. It mightbenefit from a litt blurring.
5	C1	Has Bins	Howard Ruston	6	6	6	18	6	6	6	18	7	7	7	21	19.0		A nice linear composition, but the bins appear to tilt to the right by a half degree. The cloudy sky is a good image, but adding some contrast might have made it more defined.I added a hint to the Interpretive because I can't resist a good pun.
1	C1	A Penny Saved	Barry Singer	7	7	7	21	7	7	7	21	6	6	6	18	20.0		Attractive presentation, Excellent DO F,. Perhaps a differentapproach might have led to more creative results.
2	C1	Ogilvie Cannon	Caleb Ripley	7	7	7	21	7	7	7	21	6	6	6	18	20.0		Good texture and patina. Striations add a strong verticalcomposition
3	C1	Saskatchewan Silver And Gold	Richard Kerbes	7	7	7	21	7	7	7	21	6	6	6	18	20.0		Good use. Of Pano format, especially in a prairie province Itwould be nicer if the sky color had been adjusted to blue.
4	C1	Heavy Metal	Maurice Roberge	6	6	6	18	7	7	7	21	8	8	8	24	21.0		Beautiful old tractor, but focusing in on some of the details, especially those mud studs, might have worked to your benefit. The snow is a nice touch. The actor does not stand out from the trees, and a little burning in on the branches may have helped here. A good effort on an otherwise dull subject
5	C1	The Space Within Squares	Ken Greenhorn	7	7	7	21	7	7	7	21	7	7	7	21	21.0		Nice contrast of colors and texture, in display of squares. Thecomposition, although workmanlike, might improve throughexperimentation.
6	C1	Heat Tried, Steel Denied	Angie Zondervan	7	7	7	21	7	7	7	21	8	8	8	24	22.0		Rust counts as metal, right? Although the color is excellent,you may trio drop it a little tighter to make the texture standout.
7	C1	Reflective Detail	Eric Lawrenz	7	7	7	21	7	7	7	21	8	8	8	24	22.0		Lovely circular composition. Lovely interplay of metal andglass reflections excellent B/W
8	C1	Just Call Me 'rusty'	Joyce Shewchuk	7	7	7	21	8	8	8	24	8	8	8	24	23.0		Lots to see here. Excellent composition, attention to details,and falll colors. There's even a great refection in the window.
9	C1	Metal On The Rocks	June McDonhaid	7	7	7	21	8	8	8	24	8	8	8	24	23.0		Amazing Lighting,beautiful capture of rock and metal textures.Strong. Impact.
10	C1	Angular Integrity	Ryan Peter Dyck	8	8	8	24	8	8	8	24	8	8	8	24	24.0	HM	Good Interplay of angles and shadows. Powerful image. Useof the distortion correction in Adobe lightroom or Camera Raw
11	C1	A Steely Measure	Helen Brown	8	8	8	24	8	8	8	24	9	9	9	27	25.0	3rd	Excellent Pictorial and Technical presentations. Such beautifuldecoration. The background addd to the theme.
12	C1	Links	Rae McLeod	9	9	9	27	8	8	8	24	9	9	9	27	26.0	2nd	Excellent Monochrome. Beautiful texture, well definedshadows, and a full range of tones. Composition isoutstanding. Would not add a thing.
13	C1	Echoes Of Steel And Silence	Cheryl Lalonde	9	9	9	27	9	9	9	27	9	9	9	27	27.0	1st	Nice campsite phot,, and a very creative approach. It remindsme of photos of Dubai, which has a pretty quirky skyline.A.pretty strong Wow!
